Special Items

Because we do things differently, we ask that you take some time to think about your loved one's life and how you would like to celebrate and memorialise them in their service.

What were their hobbies and interests, what things did they love to do? Is there a special heritage or lineage that you would like recognised?

Do they own any items of personal significance that can be displayed in the service? This might be an item they used regularly, or something that reminds you of them - historically or current. Their favourite hat, sports item, or hobbies etc.

These are the things we would love to see and talk about. Not only to get to know the life of your loved one, but also to potentially use for their special day.

Of course, these things will be returned to you after your loved ones' special day and we will keep your treasures safe in the meantime.
